

Susie's Scallywags

PRICE LIST 2020

We write to inform you that due to an increase in running costs, the hourly rate for walks will be increased to £10 per walk (£9 per walk if your dog receives 5 walks per week Monday to Friday) from Monday 06 April 2010.

There have been no increases to dog walking prices since we began operating in 2017, we are simply keeping up with industry standard pricing and other comparable businesses in the area. We hope you will understand the need for this increase and the high standards we provide.

We are also proud to confirm that, once again, we have been ranked as one of the top three dog walkers in South Lanarkshire.
